Stuart Smith

Born in the late 1960's, growing up in the 1970's and living in the 1980's has inspired Stuart to the degree that he is able to take influences from those decades and utilise them and use them in his graphic design work.

He is influenced by many various factors including graphic design itself, art, music, advertising and nature.

Although currently working on his own T-Shirt designs and branding ideas Stuart has recently had the opportunity to work with various bands and artists within the music industry and create some stunning art work for these acts. His work has also recently been featured on the cover of a fashion and lifestyle magazine.
